

Instructions for Proofreading Final and Graduate Theses Using Grammarly Pro

Final and graduate theses written in English may be proofread using **Grammarly Pro**.

In addition to the proofread version of the thesis, the mentor is required to submit a screenshot from Grammarly Pro as proof that the proofreading has been completed.

Screenshot requirements:

- The screenshot must show the entire Grammarly Pro window.
- The thesis title page must be visible.
- The number of words must be visible.
- The Grammarly Proofreader section must display a Writing Quality score of 100.
- It is mandatory to use Grammarly Pro. This must be evident from the screenshot by ensuring that the “Try Pro for \$0” label is not visible.

Example of the screenshot:
